Profile
Aftab Automobiles Ltd.

Summary

In 1981, Aftab Automobiles Limited was brought into existence for assembling of Toyota & Hino vehicles for Bangladesh market. This is in fact the only private sector full-fledged assembling plant in Bangladesh with proper infrastructure and modern utilities. This company was in the later years entrusted with assembling contract of Defense for assembling heavy-duty vehicles. This is a modern, flexible & the most efficient assembly plant in Bangladesh with annual capacity of 1,200 units (per shift) of jeeps, pickups, four-wheelers, minibuses, mini-trucks, bus and truck chassis.

Strategically located over a 12.5-acre site in Fouzderhat, approximately 20

km north of the port city of Chittagong, along the main Dhaka-Chittagong highway.

Comprehensive range of machinery and equipment. Total manpower strength of 700, comprising of management, administration, sales, accounts, and assembly personnel. Total covered space of 55,000 sft., containing the painting, welding, and assembly sections.

To expand the facilities to accommodate fast growing demand the company at a later stage had an extensive BMRE program. Following the BMRE program the company has been in operation of fabrication of bus body, which are assembled in Aftab.
